

Codice: TRRLCRNL - Erchie

Situated at Erchie, a small fishing village in the heart of the “Divine Coast”, only seven kilometers far from Vietri sul Mare, the Tower is a building dating back to 1532, majestically rising on the rocks surrounded by the sea. From the terraces you can listen to the charming music of the waves, breathing their smell.

People choosing the Tower for their event can rely on the discretion due to the striking position of outside spaces looking out onto the enchanting sheet of sea of Salerno Gulf. All the gastronomic choices suggested by our chefs are linked to the tradition and excellence of Campania Felix: the well-known Campania wines, dishes prepared with fresh fish, the delicious dairy products of the Sele plain are used in individually tailored menus. Ideal for a summer event, it is suggested up to 130 guests.

In Erchie village, close to the car park, there is a small church to be used for religious services, from where the Tower is only a few steps further.
