The Farm is an agritourism and a wine producing estate. Nestling in the rich Era Valley, it is just a stone's throw from the village of Terricciola, between Pisa and Volterra, in the green heart of Tuscany. The farm runs for 75 hectares, crossed by tracks and footpaths that explore the estate, running through crops of wheat and sunflower, olive groves, vineyards and woodland. Its position offers a truly breathtaking 360° view across the whole valley. The farm is divided into a number of intimate, private areas - the apartments - and various communal areas offering the chance for socialisation. A large lounge on the ground floor hosts the guests at breakfast time but is also used for some of the educational and cultural events organised during your stay.

During the summer, thematic dinners can be organised on request and served on our panoramic terrace, using only products sourced locally and traditional cooking methods, such as the old wood-fired oven. On request we can organise tasting events, using our wines, extra virgin olive oil and local dishes, as well as cookery courses hosted by our excellent Tuscan cook.
