The Borgo is a carefully restored and rebuilt medieval hamlet that welcomes visitors wishing to stay in this wonderful corner of Tuscany, between Montepulciano and Cortona.

Pretty rooms and comfortable apartments are at the disposal of those looking for convenient services, or the freedom of independent accommodation. The rooms and apartments have been set out in the hamlet's old farm buildings, and are decorated in a classical Tuscan style with light wood furniture, terracotta floors and exposed beams.

The Borgo is specialised in staging memorable events thanks to the facilities offered by the hotel, which include a restaurant with grounds and a swimming pool, along with a stunning setting and the privilege of personalised and impeccable organisation.
