

Codice: CTLLDTRN Gaiole in Chianti

Historic house immersed in the peace and quiet of an age-old park surrounded by green hills in the heart of the Chianti area, turned into an agriturismo thanks to painstaking conservation work to enhance its distinctive features. Castle is located on a hillside in the Chianti Classico wine region. The agriturismo has 10 rooms and suites in the castle and the tower, plus an outbuilding adjacent to the castle, and the large farmhouse offers self-contained apartments, renovated respecting the original rural building where the Romantic and Medieval periods intertwine harmoniously.

The house is made of stone and each apartment enjoys a beautiful view.

The restaurant serves Tuscan specialities and classic Italian cooking.

The swimming pool is set in gardens and surrounded by trees. There is a tennis court, and guests can also enjoy the spa bath and massage treatments. The agriturismo is the ideal location to celebrate a wedding or as a destination for a honeymoon.

Here it is also possible to organise all sorts of events.
