The Palazzo is one of the most idyllic locations in the Mediterranean of 17th century. Palazzo is a sophisticated Historical Residence by the sea, less than 2 hours from Naples International Airport, south of the magical Amalfi Coast, in an unspoilt corner of Italy which lies in the heart of Magna Graecia.

The Palazzo restaurant offers Mediterranean cuisine and regional specialities.

Romantic dinners take place al fresco on the suspended gardens of the Belvedere overlooking the sea: to dine here by candlelight under the stars to the gentle sound of the sea is truly memorable.

The bar is located moments from the pool and beach and offers guests at the Palazzo, cocktails, ice creams. Light lunches can be ordered at the Pool-side, or guests may prefer a more elaborate midday meal overlooking the sea while sitting under large white umbrellas
