Ravello, a Wedding with a view  
Italy - 2019

# Costa Amalfitana

The Amalfi Coast is a stretch of great natural beauty located in the Province of Salerno, Campania region, Italy. It has been one of the first natural site (1997) classified by the UNESCO as a World Heritage Site.

In this heavenly place, we find the picturesque town of Ravello!

## “La città della musica”

The small, quiet and elegant city of Ravello houses old and well-preserved buildings amidst its narrow streets and stunning gardens, on the Tyrrhenian coast. Known as "la città della Musica", it had its first festival in 1953, to honor the great composer Wagner, who was inspired by his gardens to create the magic Garden of Klingsor in his opera Parsifal. Today the festival presents, in addition to classical music, cinema, art and literature shows. Its concert hall, built in 2011, is the work of the famous Brazilian architect Oscar Niemeyer.
